

Sloan Banjos

Home of the folding Banjo

Since 1959

Product Sheet: *Hardwood Armrest* *Adding more comfort to your Banjo!!*

Sloan Banjos designs and crafts beautiful exotic hardwood armrests.

The armrests are shaped on the underside and cut out with CNC precision to fit securely on the tension hoop.

They are hand shaped where the armrests providing a more comfortable playing experience.

Product features:

MADE IN USA

Hardwood types:

Mahogany
Maple
Bolivian Rosewood
Caribbean Rosewood

Geometry:

Designed to fit most 11”
Banjo tension hoops
The front angle/shape al-
lows install on most head
crown heights without
impeding the head

Other:

Mounting: Two 8-32 brass
threaded inserts

The ***Sloan Banjo Hardwood Banjo Armrest*** is offered standard on our Jo2Go folding neck Banjos.

The armrest is CNC precision cut on the underside to ensure a secure fit on a standard 11" Tension Hoop and accommodates most head crown heights.

Finishes: Standard: Clear Gloss Nitrocellulose Lacquer

Options: Natural oils and or stain

Fasteners: We use two 8-32 brass inserts to secure the armrest using tabs under the head band.

*If you are looking for a special size
hardwood armrest reach out and lets
see what we can do for you!!*

Installation:

Remove resonator (where installed) and position armrest as required, ensuring the armrest recess is positioned over the tension hoop. Position the two tabs under the head band and tighten fasteners. **Do not overtighten!!**
